Addendum #2

LOI # 7051814
Title: Computer Tech Support Services (MPA # 230)
Submission Deadline: 9 Jan 08 @ 1:30 PM (Eastern Standard Time)

Does the State utilize PeopleSoft HRMS, PeopleSoft Enterprise Performance Management, or any other COTS software from Oracle/PeopleSoft. I believe the State uses Oracle Financials, but I am trying to determine if they use any other software available from Oracle Corporation.

ANSWER: Yes. The Universities use PeopleSoft. I know of no other PeopleSoft implementations but there are some branches of Government such as the Courts that I do not have knowledge of their applications. There could be a few more.
